SmartAct GmbH

Description

We at SmarAct develop, produce and distribute piezo-based high-performance micro- and nanopositioners, advanced control systems and micro-tools. Furthermore, we manufacture complete miniaturized manipulation systems, ranging from single linear axes and rotary positioners to XY tables and compact 6D manipulators to multi-manipulator systems. Our microscopy products, which can be applied in normal pressure as well as in vacuum conditions, are used in a wide range of industries. Our customers benefit from our over 10 years of experience in several scientific fields. This, accompanied by the entire value-added chain of development, production, distribution and a professional service, enables us to react fast to almost any of your demands, when it comes to customization and complexity.
